

51st International Exhibition of Inventions Geneva

11-15 March 2026
Palexpo, Geneva

The world's unique annual exhibition

Enjoy a dynamic program of conferences, workshops, live demos, and networking with inventors from across the globe. Explore the latest trends, share your ideas, and be inspired.

Worldwide showcase

More than 1,040 inventions from 40 countries and regions: a snapshot of worldwide creativity, featuring leading companies, research centers, and universities (80%), as well as independent inventors and researchers (20%) shaping the future.

A place for encounters and opportunities

Take advantage of a specialised platform that showcases inventions in a variety of fields such as new technologies, energy, mobility, medicine and much more. Participate in a trade show dedicated to networking and opportunities to accelerate your business: interact directly with visitors and exhibitors in an environment conducive to collaboration.

Prestigious institutional support

Endorsed by major institutions — the Swiss Confederation, the Republic and Canton of Geneva, the City of Geneva, and the World Intellectual Property Organization (WIPO) — the exhibition benefits from official support that underscores its international role.
